

Sil+Cott

All season type

*Smooth and comfortable,
sock of silk.*

Features of Sil+Cott :

- Natural silk fiber the inner layer combines with cotton the outer. This not only makes it more comfortable but also more durable.
- Special sheet between two layers can protect our heel from getting chapped and thus improve the feet's moisture retention capacity.
- No toe seams thanks to the unique knitting method. Always comfortable and soft.

component inner : silk80% · Nylon18% · Polyurethane2%
